

ShopEase Customer Policies

Official policies for returns, refunds, cancellations, shipping, payments, accounts, complaints and escalations.
Version 1.0 | Effective 1 October 2026

1. Return Policy

RET-1 Return window

Customers may request a return within 7 days of the delivery date. Return requests made after 7 days are not accepted, unless the product is defective, damaged or different from what was ordered.

RET-2 Condition of returned items

Items must be unused and in original packaging, with all tags, accessories and the invoice. Items that show wear, customer-caused damage or missing parts may be rejected at quality check.

RET-3 Non-returnable items

Innerwear, personal care items, customized products, gift cards and perishable goods cannot be returned, unless they were delivered damaged, defective or incorrect.

RET-4 Wrong, damaged or defective items

The customer must report the issue within 48 hours of delivery with photos or an unboxing video. ShopEase then arranges a free pickup and offers a replacement or a full refund.

2. Refund Policy

REF-1 Refund timeline

Refunds are issued within 3-5 working days after the returned item is received and passes quality check. Banks may take extra days to show the amount.

REF-2 Refund method

Refunds go to the original payment method. For Cash on Delivery orders, the customer may choose a bank account transfer or a ShopEase wallet credit.

REF-3 Failed quality check

If a returned item fails quality check, the refund is declined and the item is sent back. The customer is told the reason by email and may appeal within 3 working days.

REF-4 Shipping fee and coupons

The shipping fee is refunded only when the return is caused by a ShopEase error (wrong, damaged or defective item). Coupon value is refunded to the ShopEase wallet.
